

Dear All,

Before summer holiday we want to share with you a brief overview of the changes and product improvements we made in recent months and of course, the announcement of the release of a number of new mo-Vis devices.

## What we released!

---

- On user demand we reduced the force of the Micro Joystick from 10 gr to 8.5 gr to better meet the needs of some of our Micro Joystick users.  
<http://www.mo-vis.com/en/products/mo-vis-products/micro-joystick>
- All Twisters available in short cable version
- Twister GooseNeck in 5 colours  
<http://www.mo-vis.com/en/products/mo-vis-products/twister>
- Heavy duty kit for Curtis standard Joystick (Curtis electronics)
- Heavy duty kit for CJSM2 joystick (P&G)  
<http://www.mo-vis.com/en/products/mo-vis-products/heavy-duty-kit-for-r-net-and-curtis-instruments-joystick>

- Hand Warmer and 2 hands dome  
<http://www.mo-vis.com/en/products/mo-vis-products/hand-warmer>
- Multi Switch  
<http://www.mo-vis.com/en/products/mo-vis-products/multi-switch>
- 2 proximity switches in combination with the Multi Switch  
<http://www.mo-vis.com/en/products/mo-vis-products/multi-switch-proximity-set>

You can find a new price list in attachment :

- Twister Gooseneck and Twister short cable : see pricelist 3
- Heavy Duty kit for standard joysticks : see pricelist 1
- Hand Warmer and dome : see pricelist 6
- Multi Switch and proximity sensors : see pricelist 3

## What we did!

---

- On our website you can now find an overview of Total Solutions using mo-Vis products in function of some severe diseases.  
<http://www.mo-vis.com/en/total-solutions-with-mo-vis-products>

- We were present at the International Seating Symposium in Nashville for the first time.

mo-Vis products were shown at the Stealth booth and our booth was at times an overwhelming success. Many people were attracted to our unique product range with innovative and problem solving solutions.

Stealth booth at ISS 2017 Nashville

- In the meanwhile we have expanded our dealer network all over the world

## What we will do!

---

- From 04 till 07 October you can find and visit us at Rehacare Düsseldorf, Hall 5 booth 5D03
- We are going on vacation. In Europe it is summer time and holiday period. mo-Vis stays open but is working with a reduced numbers of employees. This means that orders can take a little more time but we guarantee in July and August a delivery within 3 weeks (for orders less than or equal to 5 units). From September we will return to our usual delivery times.
